

# Jianguo Wu

*Country of Origin: China*

*Degree: PhD, Industrial and Systems Engineering*

*Graduation Date: August 2015*

*Employer: University of Texas at El Paso*

*Position: Assistant Professor*

## **What do you do in your current position?**

Tenure track assistant professor.

## **How did you find your position?**

I emailed iefac.list@mailhost.ces.clemson.edu from the industrial engineering faculty list.

## **Which career services did you find helpful at UW-Madison?**

The Career Fair.

## **Other than your degree, what skills or experience made you competitive in the US job market?**

Master of Statistics, a second major from statistics department publications awards, and a scholarship.

## **What advice do you have for current international students?**

1) Improve your spoken English, 2) publish more papers if you are working in academia, 3) get an internship if you are working in industry, 4) attend a resume workshop to learn how to make a competitive resume, 5) improve your interviewing skills.

*“Attend a resume workshop to learn how to make a competitive resume.”*
