Study Spots in Southeast

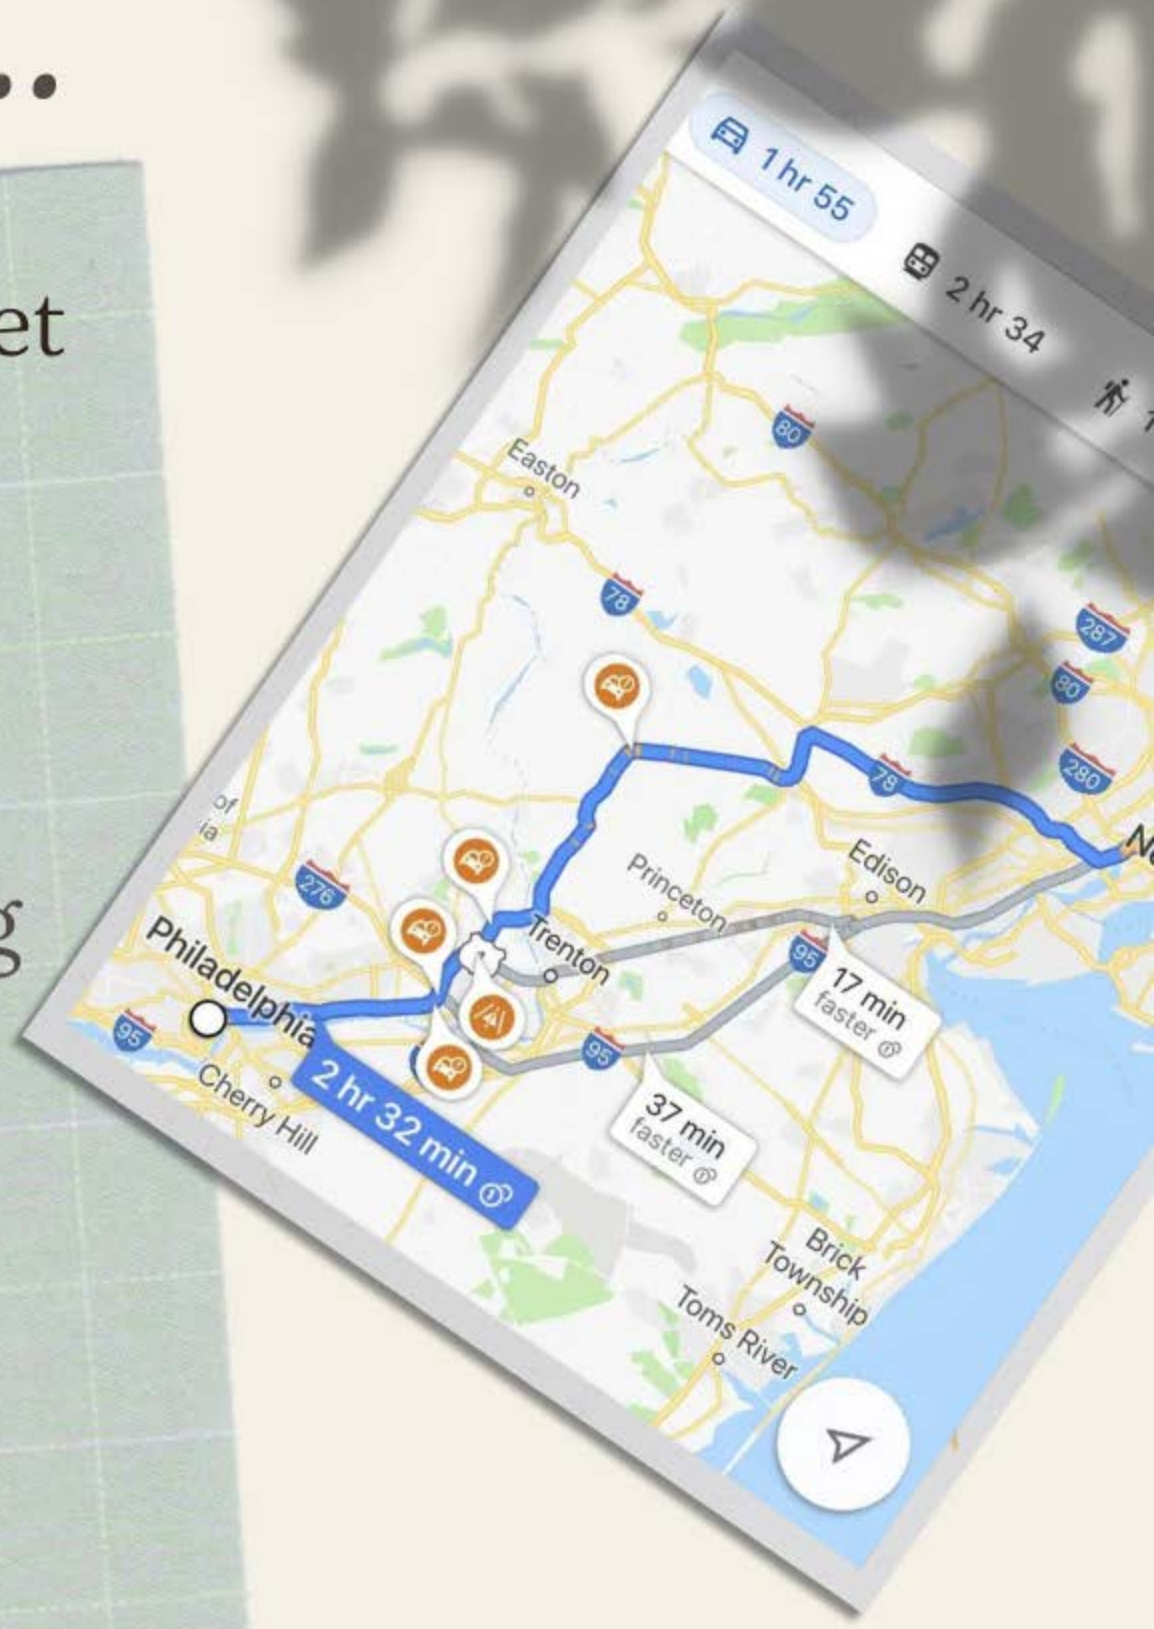
Tips by Rayane
International Student Advisory Board

First, Google Maps...

Your best friend to get to places while you are unfamiliar with campus!

Just type the building name on the normal search bar and then click on "directions" or "routes"

Some good options are...



Red Gym

One of the most **diverse** buildings on campus

Often has **free study supplies** and sometimes free snacks

Where **ISS Office** is along with other identity-based offices - such as Latinx (LCC), Black (BCC) and Asian (APIDA)

Student Activity Center (SAC)

3rd and 4th floor of
East Campus Mall

Where a lot of other
student organizations,
such as GUTS (tutoring)
are - since the SAC is
student-run

Has a computer lab
and **printing** services

College Library

A classic! With a **coffee shop, computer labs,** some **silence-only rooms,** and printing services

---

Has the most **general resources,** such as DesignLab, and **Librarians** - specialized staff that can help you with your research

---

Beautiful **view** of **Lake** Mendota

Kohler Art Library

In front of the **Chazen** Museum

Has **snacks** right across the "street" at the **Chazen Cafe,** but it's way **easier** to **find a spot** there than it is at the Museum

---

Very **cozy** and **comfortable**

Wisconsin Historical Society

At Library Mall - **in front of Memorial Union**

Gorgeous architecture with **quiet** and **spacious** rooms

Technically not part of campus - it's a **state library**
